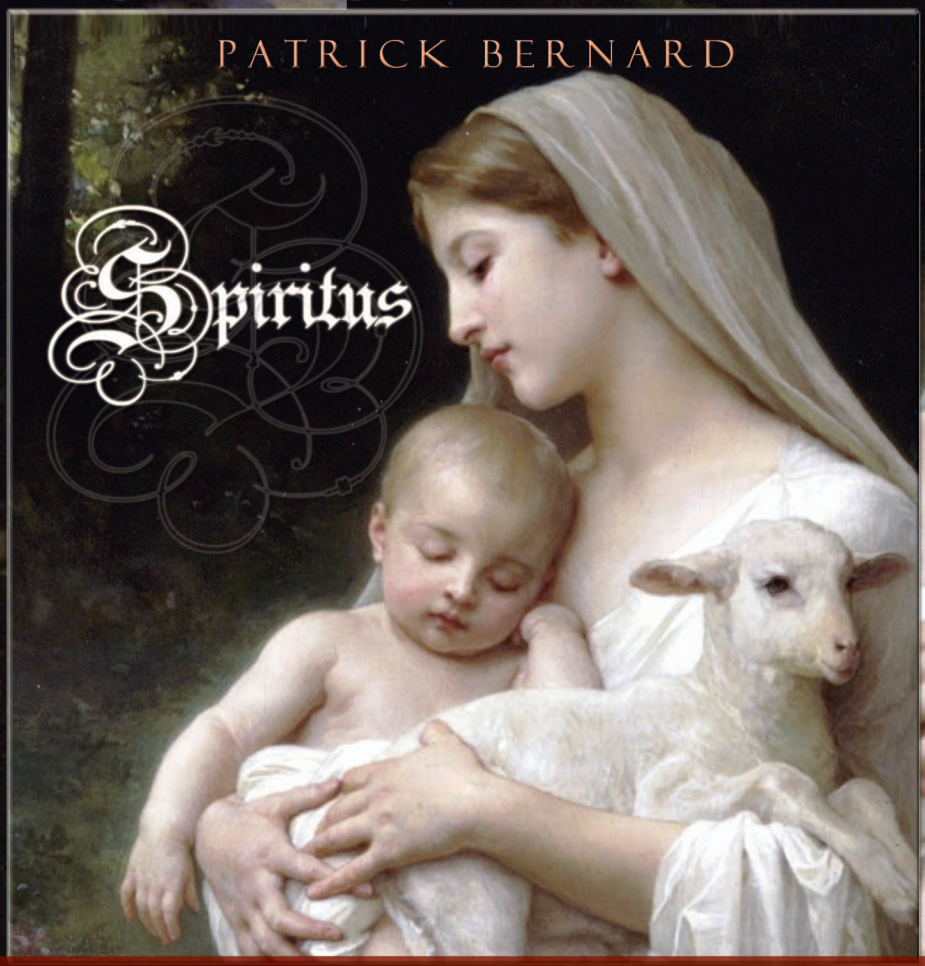
New Album



Spiritus is composed and recorded specifically with the intention of clearing past disharmony, opening new channels to the inflow of grace, restoring balance, and facilitating deep communion between all species. This special music is encoded with sacred sounds and mantra from all spiritual traditions for the specific purpose of re-sanctifying the animal/human bond.

The album was recorded in Mount Shasta, Northern California. Shasta is one of the sacred mountains of the world and holds the frequency for the fulfillment of our long awaited home-coming and return to paradise.

Internationally acclaimed musician Patrick Bernard, meditation teacher and musician Purusha Ananda, animal communication specialist Sharon Callahan and awards winning producer/composer Robert Lafond have come together as the vehicle for this offering of healing between species.
